“Cherish your visions; cherish your ideals; cherish the music that stirs in your heart, the beauty that forms in your mind, the loveliness that drapes your purest thoughts, for out of them will grow all delightful conditions, all heavenly environment; of these, if you but remain true to them, your world will at last be built.”

-James Allen, *As A Man Thinkith*

“The whole purpose of starting a business is to create a means of income for yourself sufficient to support your immediate lifestyle needs and set aside enough money for the future, or to build the equity in the business to the point where eventually you can convert the equity or investments into income so you become financially independent.”

- Bruce Wright, *The Wright Exit Strategy*

“I would not give a fig for the simplicity this side of complexity, but I would give my life for the simplicity on the other side of complexity.”

- Oliver Wendell Holmes

“Greatness is not a function of circumstance. Greatness, it turns out, is largely a matter of conscious choice.”

- Jim Collins, *Good to Great*
